

Riviera Auditorium

Technical specifications

Dedicated staff for your event:

Fire safety officers
Permanent cleaning staff
A project leader

As with all the function spaces in the Congress and Exhibition Centre, the 'Riviera' Auditorium is modular and can be adjusted to your requirements. The main stand is retractable and the entire area can be arranged to accommodate between 200 and 1,000 people. It can be supplemented by two side stands and by chairs on the floor.

Only the main stand can be arranged in three different ways:

- opened out 50% for 275 seats including 10 PMR
- opened out 75% for 403 seats including 10 PMR
- opened out 100% for 555 seats including 10 PMR

It can be supplemented by two side stands each with 61 seats and by chairs on the floor to seat a total of 1,000 people.

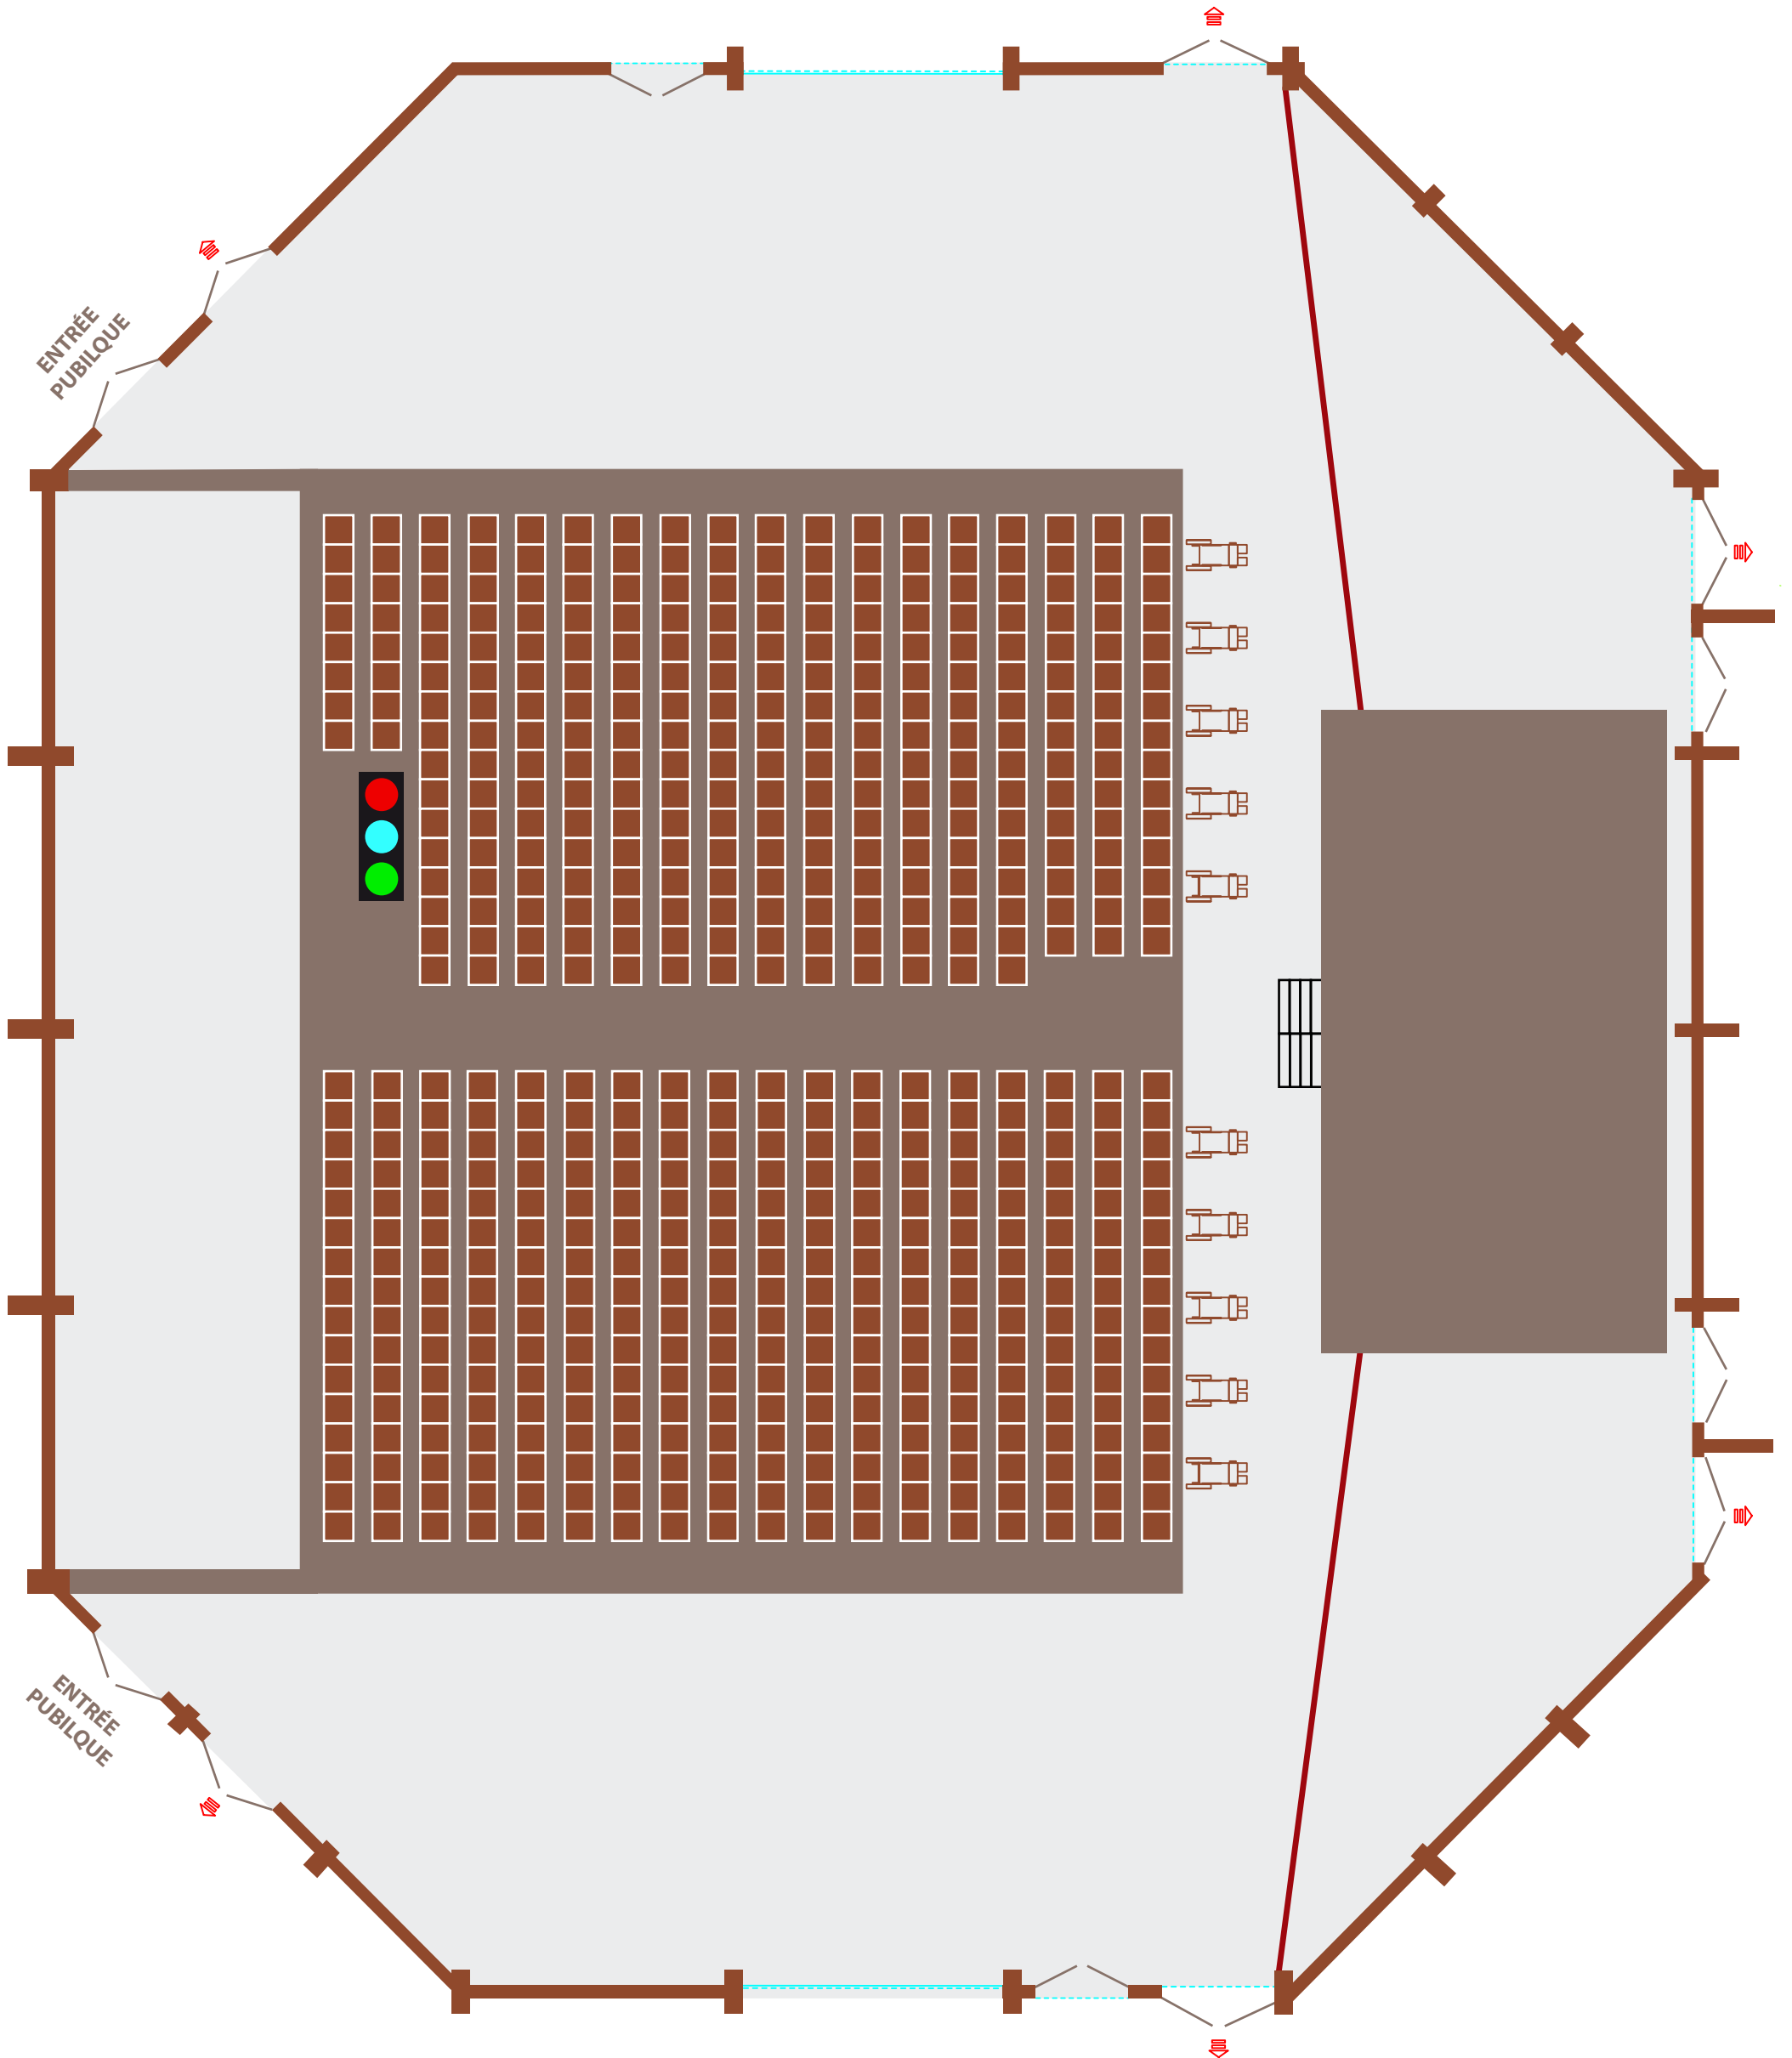

Examples of available layouts:

- The main stand opened out 50% for 275 seats including 10 PMR with the two side stands each with 61 seats to give a total of 397 seats
- The main stand opened out 75% for 403 seats including 10 PMR with the two side stands for a total of 525 including 16 PMR
- The main stand opened out 100% with the two side stands for 687 seats including 16 PMR supplemented with chairs on the floor for a total of 1,000 seats

The stand can also be completely opened out (3.50 m floor footing). The auditorium can therefore be used as an exhibition area for trade fairs or as a room with a flat floor for a dinner show.
